

Kongsberg Ferrotech

Do you want to be part of our journey? We're seeking systems engineering students!

Are you a Systems Engineering student at the University of South-Eastern Norway? Would you like to join an up-and-coming high-tech company within advanced robotics?

We are seeking Industry Master Students within Systems Engineering for a company placement at Kongsberg Ferrotech. At Kongsberg Ferrotech we'll give you the freedom to challenge, think differently, and innovate in everything you do!

Kongsberg Ferrotech was established in 2014. Since then, we have developed advanced robotic systems for inspection, repair, and maintenance of underwater assets such as subsea pipelines, risers, and offshore structures. [Learn more about it here.](#)

As a small tech company, Kongsberg Ferrotech, give you the autonomy to work with a wide variety of tasks, the opportunity to broaden your skillset, and the ability to make a great impact.

Are you interested? We would love to hear from you. Please send your CV and cover letter to our COO/CTO Torgeir Bræin:
